Golden hot springs outdoor cypress bath

15:00 to 09:30

You feel your body as light as in sea water when you relax the muscles of your whole body in Ryuusenkaku's own natural golden hot springs.

Own Natural Hot Springs

Hot springs of the Arima Onsen have a high iron content that gives the mineral water a reddish brown called golden springs that have effects on nerve pain, muscle ache, frozen shoulder, poor circulation, and others. Ryuusenkaku provides the pure, natural benefits of unmatched mineral springs.

15:00 to 09:30

Big rock outdoor bath

In each season, many guests enjoy the comfort and relaxation of an open-air bath while looking at the vivid colors of the season.

Private outdoor baths

Reservation required

Our two outdoor baths are naturally formed from rocks and can accommodate 5-6 people (30m2). Both have their own shower stalls, clothes baskets, and baby beds.

* It is not a hot spring.

Indoor bath

The indoor bath with our own golden hot springs is open and can be used from 15:00 to 09:30.

Kid's Corner

Remarkably popular with children!

The Kid's Corner is provided with our original educational toys, such as Arima Onsen backgammon and Seahorse abacas, as well as 1,500 picture books. It is a place where guests spending the evening at the inn can interact and relax. From the conversations of small children playing together, a warm feeling develops that often results in their parents getting acquainted as well.

Please enjoy together with your children!
